

30ª Reunião CO-SNIG

8 de março 2023

30ª Reunião CO-SNIG

1. Abertura
2. Aprovação da ata da reunião anterior
3. Regulamento de Execução sobre os Conjuntos de Dados de Elevado Valor: apresentação e discussão
4. Evolução do SNIG: ponto de situação e discussão
5. Informações
6. Outros assuntos

MIG WORKSHOP ON THE IMPACT OF THE HVD ACT ON THE IMPLEMENTATION OF THE INSPIRE DIRECTIVE

8 de março 2023

Time	Agenda item
3 March 2023 10:00 – 12:20	
Workshop objective:	
<i>In the workshop we will focus on an initial impact/risk assessment of the HVD for INSPIRE implementation, building of a common understanding HVD/INSPIRE in the MIG, defining a roadmap to address possible issues and discuss the governance (new subgroup/existing) of the alignment exercise. All this with the objective to maximize the reuse of the INSPIRE implementation for meeting HVD requirements.</i>	
10h00	Towards a common understanding of the interplay between High Value Datasets and INSPIRE
20'	Welcome and presentation by the Commission on the context of the workshop, the outcome of the survey and the assessed impact.
30'	(ENV: 5' - JRC: 10' - EEA:5')
	Country perspective/ interventions - Part 1
	Pitches by
	- NL (10')
	- ES (5')
	- SK (5')
	- CZ (5')
15'	- AT (5')
	Questions & Discussion (All)
11h05 - 11h15	Short break
20'	Country perspective/ interventions - Part 2
	Pitches by
	- DK (5')
	- PT (5')
	- ISO/TC 211 activities on EU Data Spaces / High-value datasets (Jari) (5')
	- EC/ESTAT (5')
10'	Questions & Discussion (All)
11h45 - 12h15	Reflections on a common implementation strategy
15'	First suggestions for an initial implementation roadmap/mandate based on the outcome of the survey and the country perspectives
15'	Plenary discussion
12h15 - 12h20	First conclusions and next steps
12h20	End of meeting

Objetivos do workshop:

- Avaliar o impacto dos Conjuntos de dados de Elevado Valor (HVD) na implementação da Diretiva INSPIRE;
- Definir uma estratégia para articular a Diretiva INSPIRE com o Regulamento dos Conjuntos de Dados de Elevado Valor;
- Maximizar a reutilização dos dados INSPIRE no cumprimento do Regulamento dos Conjuntos de Dados de Elevado Valor.

MIG Workshop - "IMPACT OF THE HVD ACT ON THE IMPLEMENTATION OF THE INSPIRE DIRECTIVE"

Fields marked with * are mandatory.

IMPACT OF THE HVD ACT ON THE IMPLEMENTATION OF THE INSPIRE DIRECTIVE

MIG Workshop

About the survey

This short survey collects some initial opinions to kick-start discussions in the workshop. The responses received will also be used to draft an initial implementation roadmap for discussion in the workshop.

It takes maximally 15 minutes of your time to fill in the questionnaire. You may interrupt your session and any time and continue answering at a later stage. If you do so, please remember to keep the link to your saved answers as this is the only way to access them. Once you have submitted your answers online, you will be able to download a copy of the completed questionnaire.

Participation & communities

Countries	Experts
23 Member States	33
3 EFTA	3
1 Candidate	3

To what community do you belong?

		Answers	Ratio
INSPIRE MIG		30	76.92 %
Eionet		3	7.89 %
Both INSPIRE MIG and Eionet		0	16.38 %

Survey conclusions

A majority to strong majority of the survey participants agrees/strongly agrees with the below statements showing an explicit need for strong alignment of data sharing frameworks:

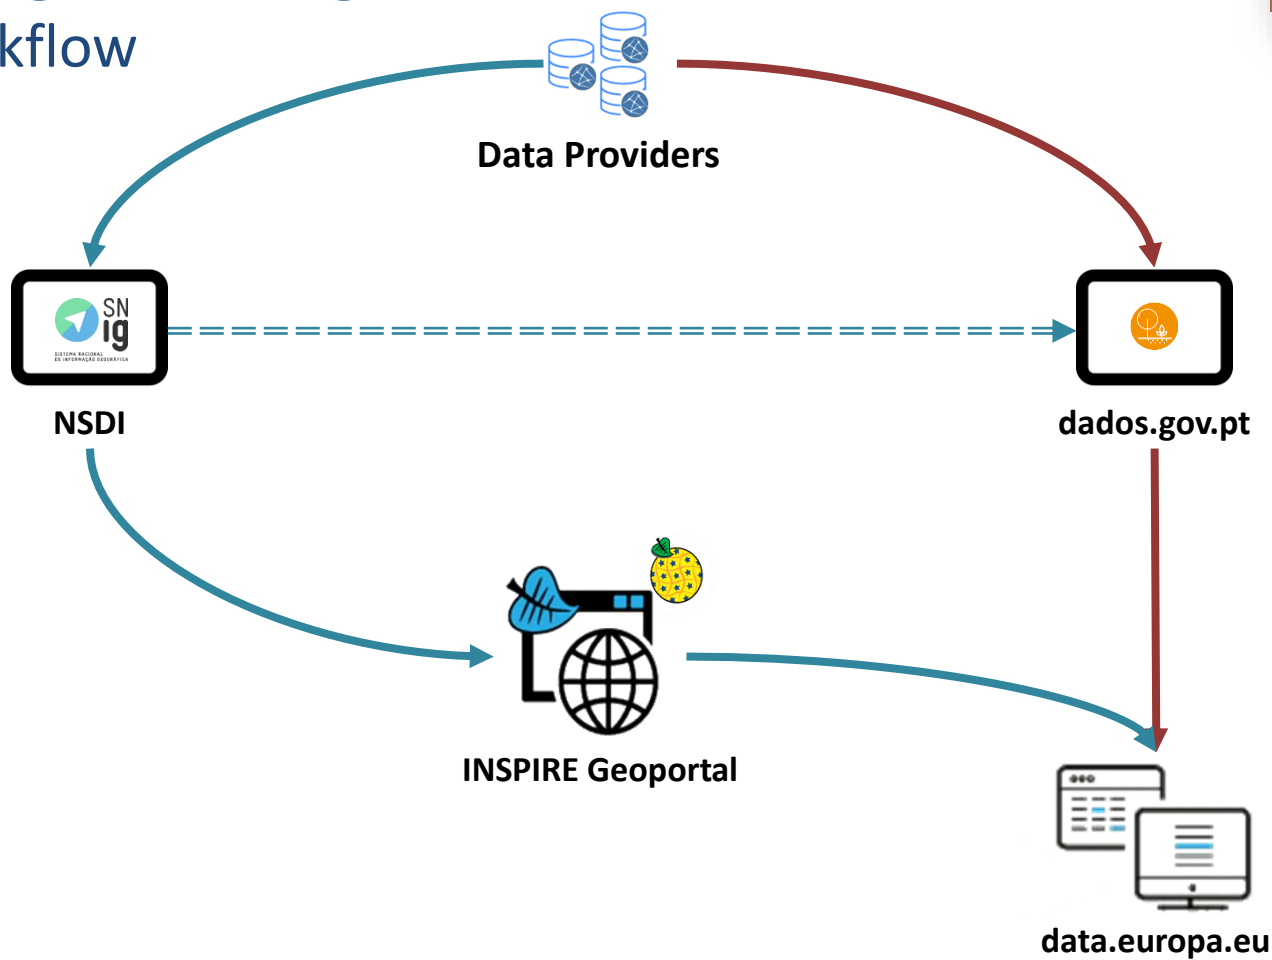

- The policies surrounding data sharing and access in INSPIRE should be reviewed and updated to ensure they are consistent with the provisions of the High Value Datasets implementing act.
- The data portals used for INSPIRE-regulated data should be integrated with the data portals established by the High Value Datasets implementing act to improve the accessibility of data for users.
- The principles of open data, as established by the High Value Datasets implementing act, should be promoted and encouraged in the implementation of INSPIRE.
- It is important to build capacity among relevant stakeholders, including data providers and users, to ensure that they are aware of the provisions of the High Value Datasets implementing act and can effectively align their practices with these provisions.
- Collaboration between relevant stakeholders, including data providers, data users, and government agencies, is crucial to ensure that the INSPIRE Directive and the High Value Datasets implementing act are aligned in a harmonized and effective manner.
- Regulatory monitoring and reporting should be fully aligned and conducted to assess the effectiveness of the alignment between the INSPIRE

Apresentação de Portugal no Workshop

Data sharing in Portugal

Current workflow

Data sharing in Portugal

Problem: conflicting legal obligations to register the data

Possible solution: legislative adaptation following the Once-Only principle

“If the datasets are registered on the NSDI there's no need for any other registration.”

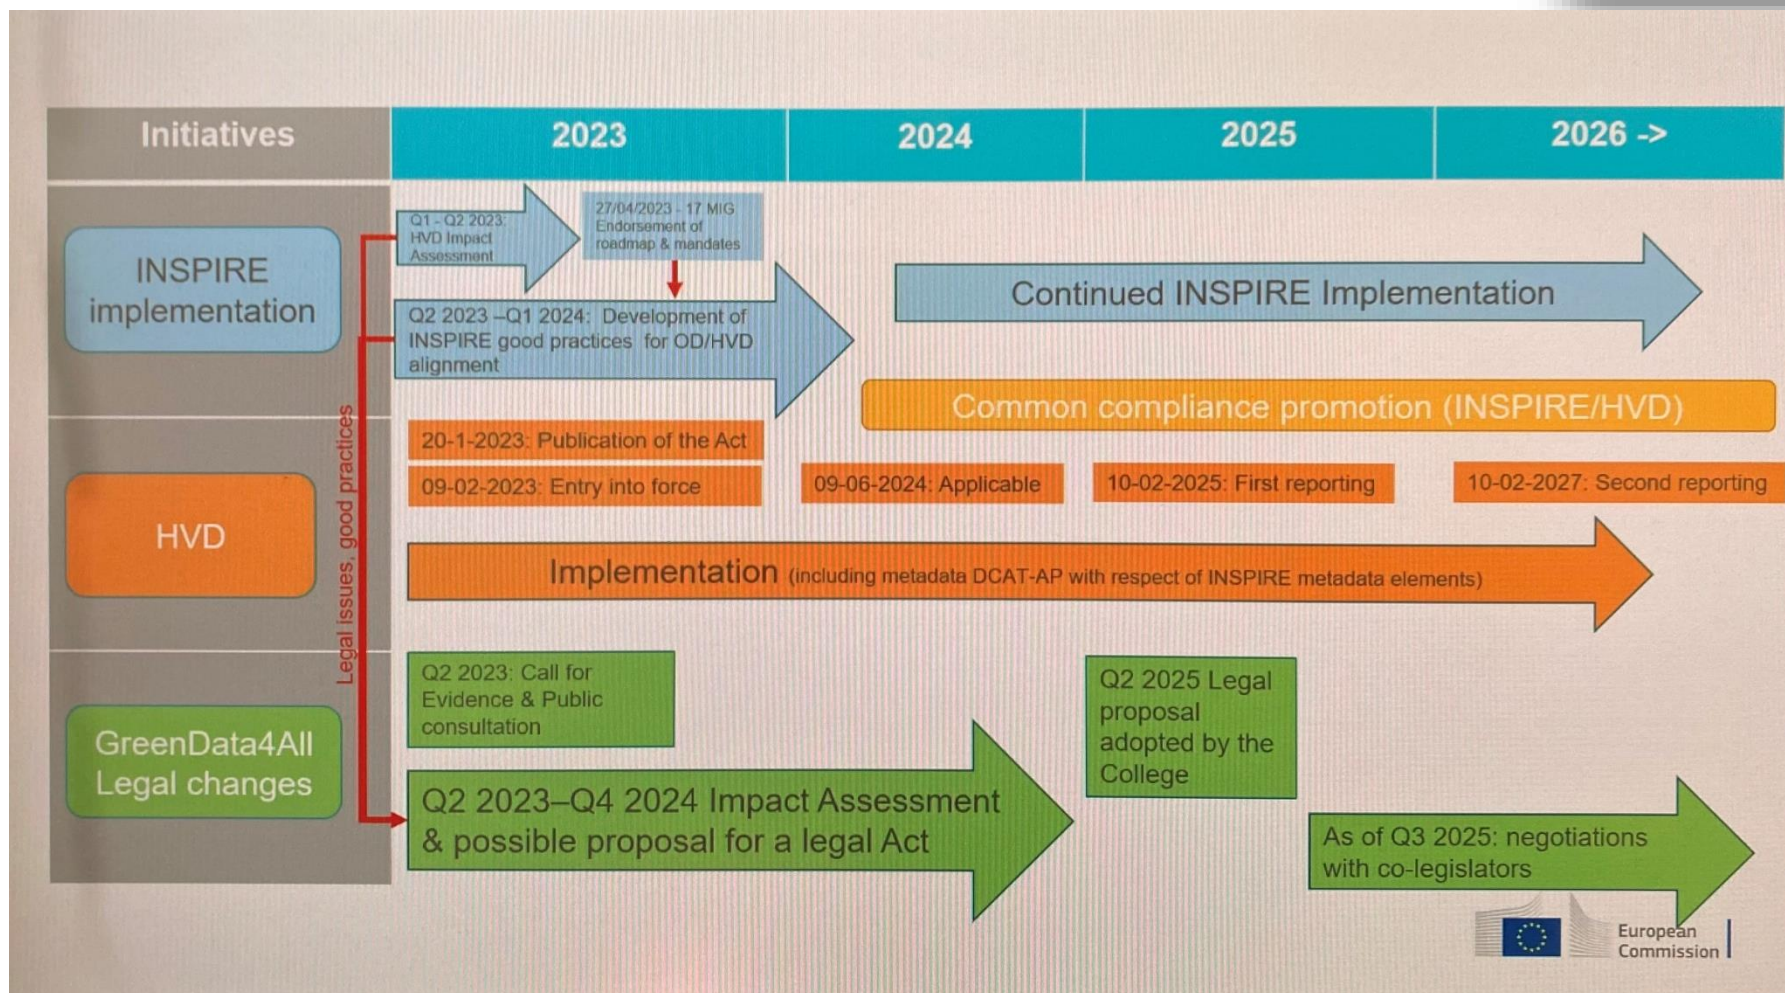

“The data providers should register their datasets on the national platforms, on the open data portal or on the NSDI, if available.”

This issue is valid for all open datasets including the HVDs

Principais conclusões do Workshop

Principais conclusões do Workshop

Next steps

- Draft and share mandate proposal (actions, objectives, timing, coordination ...) for feedback (final mid-april)
- Propose mandate in the online 17th MIG for endorsement end of April 2023
- If ok, call for nominations (begin May 2023)
- Kick off (mid-May 2023) + invite Open Data observers to the subgroup(s)
- Development of good practices and documentation of needed legal changes to streamline implementations and as input for the GreenData4All impact assessment. (Q2 2023 –Q1 2024)
